Pool & Spa

At Palintest we make water analysis technologies which help to safeguard water for everyone, every day.

At Palintest we deliver:

Swimmer safety
Safeguard pool users through effective disinfection and water balance control

Pool integrity
Regular pool testing helps maintain your pool and protects the pool infrastructure

Water balance
Maintain optimum water balance to avoid corrosion or scaling

Cost efficiency
Optimise your pool treatment plan

Backed by over 100 years of research, our equipment has been designed to make testing simple and easy.

Our technology delivers reliable results, to drive confident water quality management, ensuring that we can all bathe and play safely.

What kind of testing?

- Residential/Home user
  - Occasional → Test strips
  - Regular → Mini kits/Pooltesters
- Professional
  - Photometer testing
  - Visual testing → Contour Comparator

Data Management with the Aqua Pal App

Secure data management with the Palintest Aqua Pal App:

- Seamless data management for the Pooltest 9, 10 and 25 Bluetooth instruments
- Track data by sample ID, operator ID and create site specific reporting and control profiles for individual customers

- Connected to the Palintest Portal for data management and reporting on a PC
- Manually load data from any other testing device
- Set text alerts and notifications when results are outside of defined limits

Servicing

Ensure your photometer remains in top condition with an instrument service. To get the best out of your photometer, Palintest advise an annual service.

What's included in a Palintest service?

- Thorough evaluation and inspection of your instrument
- Comprehensive clean of the test chamber and optical bench
- Recalibration of your instrument
- Update of the latest software to optimise the performance of your instrument

Contact sales@palintest.com for further information on servicing.

Product registration and warranty

Each of our photometers come with a two year warranty.

To receive updates about your instrument, register the meter online at www.palintest.com/en/product-registration
