

Battery Voltage And Resistance Tester

TOB-BK-300A battery internal resistance tester is a kind of new instrument using alternating current test battery internal resistance, It can measure voltage at the same time, the operation is simple and practical.

The resistance tester adopts four-wire clamp, effectively eliminate the measuring error caused by the contact resistance, it can set unqualified alarm for resistance testing

- Brand:TOB NEW ENERGY
- Item No.:TOB-BK-300A
- Order(Moq):1set
- Payment:L/C,T/T,Western Union
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

Product Detail

Battery internal resistance tester For 18650 and lipo battery voltage and resistance tester

SPECIFICATIONS

TOB-BK-300A battery internal resistance tester is a kind of new instrument using alternating current test battery internal resistance, It can measure voltage at the same time, the operation is simple and practical.

The resistance tester adopts four-wire clamp, effectively eliminate the measuring error caused by the contact resistance, it can set unqualified alarm for resistance testing

Machine model	Battery internal resistance tester TOB-BK-300A
Source voltage	AC220V, 50HZ
Power	20W
Advantages	Suitable varies kinds battery and battery core Buzzer alarm Adjusting for-wire system
Voltage test V1	Voltage range : 0-5V
	Minimum resolution : 0.001V
	Accuracy : $\pm 0.002\text{rdg}+5\text{dgt}$
Voltage test V2	Voltage range : 5-20V
	Minimum resolution : 0.01V
	Accuracy : $\pm 0.002\text{rdg}+5\text{dgt}$
Resistance test R1	Resistance range : 3—300 m Ω
	Testing current : 10mA
	Accuracy : $\pm 0.003\text{rdg}+5\text{dgt}$
Resistance test R2	Resistance range :300—3000 m Ω
	Testing current : 1mA
	Accuracy : $\pm 0.003\text{rdg}+5\text{dgt}$
Suitable batteries	Lithium battery, lithium pouch cell(Lithium polymer battery), Nickel metal hydride, nickel cadmium battery, lead-acid battery and so on.
Dimension	340*380*110mm
Weight	3kg
Warranty	One Year limited warranty with lifetime support

PACKAGE AND SHIPPING

- 1 Standard exported package : Internal anticollision protection, external export wooden box package
- 2 Shipping by express, by air, by sea according to customer's requirements to suggest the most suitable shipping mode
- 3 Responsible for the damage during shipping process, change the damage part for free
- 4 Supply with suitable voltage input and power plug according to customer's country requirements.

SERVICES

- 1 We supply machines with battery technology support.
- 2 We can also supply a full set of materials for lithium battery including polymer battery, cylinder battery, mobile phone battery, EV battery.
- 3 We can also supply a full set of lithium battery equipment for lab research, pilot scale research and production line.
- 4 We can also supply a full set of battery technology for battery design, research and producing.

We cooperated with each other, and we will do TOP OF THE BEST battery
